

AND THE WINNER IS... YOU

By now you've heard about the SeaFM Friends with Benefits, but did you know that your business can get involved by making an offer for our Friends?

Over 2100 people across the coast have activated their Friends with Benefits key tags and each month we let them (and everyone else) know that they can receive special offers from selected businesses like yours.

For just \$99 per month you can offer our friends exclusive discount or offer promoted extensively on our website and on air. You can choose to participate for 1 to 12 months, and in return you will receive

- ★ prime exposure on our Friends with Benefits landing page (feel free to see the current offer)
- ★ liners and a share of our top of hour sweepers, and
- ★ you will be included in our promos highlighting special benefits and announcer ad-lib mentions

We will also promote your offer in newsletters emailed out directly to our key tag holders... We have over 2100 listeners on our database now - that number is growing every week.

Your investment: \$99 + GST per month

(i.e.: Show your Friends with Benefits card & receive a free muffin with any takeaway coffee purchase. All offers are subject to program director approval)
